Clay County Agricultural Fair "Cowbells & Carousels" March 29—April 7, 2012

Cowbells and Carousels will dominate the 2012 Fair. We are working hard to get daily acts and main stage concerts confirmed. It's looking good so far. We'll be announcing the line-up soon!

New Parking Lot

The Clay County Fair Association has been busy working on our new parking lot expansion project. The new expanded parking lot will be south of the current fairgrounds parking lot. The project will add 1200 new spaces and is planned to be completed for the 2012 fair. Here is a look at our progress.

Exhibitor's Handbook

The Exhibitor's Handbook will be available on the website in early November. Check out all of the different competitions & contests that are available that you can enter from animals to plants. We had over 3,300 entries last year. Go to our website www.claycountyfair.org/exhibitors-handbook for a complete list .

Advance Discount Tickets

Advance discount tickets are going on sale starting November 1, 2011. We have several packages this year. We will offer individual tickets & several packages at discount prices prior to the fair opening. Tickets can be purchased on our website @ www.claycountyfair.org or at the fair office, 2493 State Road 16 West, Green Cove Springs. Call us for details at 904-284-1615 . (see page 2 for complete list and details)

IAFE Convention

Several of the Board of Directors and the staff will be heading to the International Association of Fairs and Expositions (IAFE) National Convention the last week in November for workshops, meetings, and other great learning opportunities. The fair has entered several contests at the convention this year, hoping to bring back more 1st place awards. One of the contests being done by the IAFE prior to the convention to promote it's theme "This Is My Ride", each fair is to submit their ride; here is a snapshot of Virginia Hall on her ride. Check out our facebook for the video of our entry "This Is My Ride".

Early Florida Village

The Early Florida Village has been getting a fresh new look. There has been pressure washing, repairs, and sealants, being put on many of the exhibit buildings. Also, a new pole barn has been installed for the Padgett House.

Thanks to the many volunteers for making this happen.

Follow Us on FB & Twitter

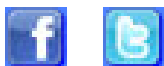

If you are on facebook or twitter, we encourage you to "like" us. We now have over 5,200 likes (fans). We post often and need your feedback and support. It's easy...go to our website and click FB or Twitter on the home page or search "Clay County Fair" for FB and "clayfair" for Twitter.
